“If you hear a voice within you say, ‘You cannot paint,’ then by all means paint, and that voice will be silenced”-Vincent Van Gogh

It is said that art has a mesmerising voice. A voice with a vision and emotions, which when interacts with one’s soul shows the true meaning of art. Today we are proud to announce the names of the artists whose craft mesmerised us the most.

Nothing in the world is an absolute waste. There is this beautiful notion; **‘It is not waste, until it is wasted’**. Everything contains something in it that can be proven beneficial if used rightfully. In our competition **‘Trash to Treasure’** we tried to show the truth of the above statement. With many entries, from art pieces to something purposeful, we were amazed that how much one can transform from waste. With a feeling of satisfaction and pride, here we are to announce the winners of this competition.

Poetry, the art of giving life to feelings and ideas, evokes a concentrated imaginative awareness. Rightfully Robert Frost said; **‘I have never started a poem whose end I knew. Writing a poem is discovering’**. So have we discovered our poets from a pile of beautiful poems, the ones that moved us the most. **Poetry Competition**, helped poets from different phases of life to write for their beloved country on the occasion of Independence day. From the poets who participated in the competition, the result was really amazing and the winners are here.
